

GRE (Graduate Record Examination)

GRE

Graduate Record Examinations

The GRE is a globally recognized standardized test conducted by ETS (Educational Testing Service) for admissions into graduate programs (Master's, MBA, and Ph.D.) in universities worldwide, including the US, Canada, and Europe.

<https://www.ets.org/gre.html>

Exam Pattern:

1. Analytical Writing

- Two tasks: "Analyze an Issue" and "Analyze an Argument."
- Score: 0–6 (in 0.5-point increments).

2. Verbal Reasoning

- Reading comprehension, sentence equivalence, and text completion.
- Two sections with 20 questions each.
- Score: 130–170 (in 1-point increments).

3. Quantitative Reasoning

- Arithmetic, algebra, geometry, and data interpretation.
- Two sections with 20 questions each.
- Score: 130–170 (in 1-point increments).

4. Unscored/Research Section (Optional)

- Experimental questions for ETS research purposes, does not count towards the score.

- Total Duration: ~3 hours 45 minutes

- Score Validity: 5 years

Preparation Resources:

YouTube Playlists:

1. GregMat GRE Prep: <https://www.youtube.com/c/GregMat/videos>

- Popular for detailed strategy and concept-building tutorials.

2. ETS Official GRE Prep Videos: <https://www.youtube.com/user/etsgre>

- Directly from the test makers, covering the format and sample questions.

3. Kaplan GRE Prep: <https://www.youtube.com/user/KaplanGRE>

- Expert strategies and tips for each section.
